- All vacancies of the Indian armed forces will be published in DNAD website as and when they come.
- Keep visiting the DNAD website and DNAD social media links for the update of current affairs and defence knowledge.

Why NDA Exam preparation with us (DNA Defence)?

“Dehradun National Academy of Defence” (DNA Defence) is one of the pioneers training institutes preparing students for [NDA exams](#). Apart from NDA exams preparation; our main goal is to develop a strong foundation for the candidate in whichever degree curriculum they choose. We solely believe in helping serious students to achieve their goals.

Every year more than 4 lakhs plus students apply for just 480 seats, which is very difficult & challenging. To qualify, the student will have to fine-tune his/her mind to crack the NDA exam.

Dehradun National Academy of defence is committed to imparting high-quality training to students to enable them to join NDA & live a glorious life in the future.

Also, there was no such training institute in Dehradun to prepare students in cracking Defence Forces examination & others. As a result, Mr. Darshan Rawat, the Managing Director of Dehradun National Academy of Defence thought of an idea to open such an institution in Dehradun, to impart knowledge to NDA aspirants.

Besides training, we also run one of the leading CBSE schools in the city of Dehradun.

OUR MISSION

Dehradun National Academy of Defence, one of the premier institute missions is to guide the students in achieving their goal to serve the country. Rather than simply teaching them & leaving them on their own to study & crack the examination of the armed forces. our vision

I hope the students will take full use of the services offered by our institute “DNA Defence” and fulfil their dream of serving their motherland.

OUR VISION

I hope the students will take full use of the services offered by our institute “DNA Defence” and fulfil their dream of serving their motherland.

ACADEMICS

1. Our School is affiliated to the Central Board of Secondary Education (CBSE). The medium of instruction in the school is English and academic year is from April to March. Our School prepare cadets for the following examinations: -

1.1. Central Board of Secondary Education: -

1.1.1. All India Secondary School Examination (Class X).

1.1.2. All India Senior School Certificate Examination (Class XII).

1.2. Union Public Service Commission Examination for admission to National Defence Academy (NDA).

MESSAGE *from* CHAIRMAN

It is an honor to welcome you to an institution where dreams are nurtured, and excellence is cultivated. At DNA Defence Academy, we believe in creating future leaders by fostering discipline, resilience, and a strong sense of purpose. Our focus is not just on academic success but on building character and confidence that lasts a lifetime. With dedicated mentorship, a well-structured approach, and a commitment to holistic growth, we strive to bring out the best in every student. To our students, remember that your determination and hard work are the keys to unlocking success. To our parents, thank you for trusting us with the responsibility of shaping your child's future. Together, we will achieve remarkable milestones. Let us march forward with passion and purpose toward a brighter tomorrow.

Mr. Darshan Rawat
Chairman, DNA Defence

MESSAGE *from* DIRECTOR

It gives me immense pride and joy to welcome you to DNA Defence Academy, where our mission is to shape the leaders of tomorrow. As the Director, I, Mrs. Asha Rani Painuli, bring with me over four decades of experience in the field of education, including my tenure as the Additional Director of SCERT Uttarakhand Education. Throughout my career, I have been fortunate to receive national recognition: In 1980, I was honored by the Vice President of India, Sh. M. Hidayatullah, for my contributions to education. In 1981, I was rewarded by the President of India, Dr. Sanjeev Reddy, for outstanding performance in Bharat Scouts & Guides (BSG). From 2005 to 2010, I served as the Block Education Officer (B.E.O.) in Haridwar, Uttarakhand. Until 2024, I dedicated my efforts as the Additional Director of SCERT Uttarakhand, contributing to the elevation of educational standards across the state. At DNA Defence Academy, located in Dehradun, our focus is on empowering students to achieve excellence in competitive exams like NDA, CDSE, RIMC, RMS, MNS, and other prestigious defense services. We emphasize not only academic success but also character building, leadership, and patriotism to prepare our students for the challenges of tomorrow. I invite all aspiring students to join us and embark on a transformative journey toward achieving their dreams. Together, with dedication and the right guidance, we can create a legacy of success and service to the nation.

Mrs. Asha Rani Painuli
Director, DNA Defence
(Ex-Additional Director of S.C.E.R.T. Uttarakhand)

DNA DEFENCE ACADEMY

SSB (Services Selection Board)

At DNA Defence Academy, the focus is not just on clearing SSB — it's about developing *Officer Like Qualities (OLQs)*.

- ◆ 1. Experienced Mentors

Guidance from ex-defence personnel and trained SSB experts who understand the selection process deeply.

- ◆ 2. Complete 5-Day SSB Simulation

Practice sessions covering:

- Screening Test (OIR + PPDT)
- Psychological Tests (TAT, WAT, SRT, SD)
- GTO Tasks
- Personal Interview
- Conference Round

- ◆ 3. Personality Development Focus

Special attention on communication skills, confidence building, body language, and leadership traits.

- ◆ 4. Individual Feedback & Improvement Plans

Personalized assessment to help candidates understand strengths and areas of improvement.

How DNA Defence Academy Shapes Future Officers

SSB is not about memorized answers — it's about natural responses and genuine personality traits. DNA Defence Academy helps candidates:

- Develop clarity of thought
- Improve group participation skills
- Strengthen psychological response techniques
- Build physical stamina for GTO tasks
- Gain confidence for the personal interview

The academy creates a disciplined yet motivating environment where aspirants transform into confident leaders.

ACADEMIC

Strong Academics + Smart Preparation = Future Defence Officer IN

Becoming a defence officer is not just about clearing an exam — it's about building knowledge, discipline, confidence, and leadership from an early stage. The journey begins with **strong academics** and is strengthened with **smart NDA preparation**.

At **DNA Defence Academy**, students from **Class 5th - 12th & after 12th** are trained with a balanced approach that prepares them for school success and competitive defence exams like the **National Defence Academy (NDA)**.

Explore the DNA Defence Academy Campus

The DNA Defence Academy campus is designed to create an environment where students can **learn, train, and grow into future defence officers**. Spanning spacious grounds, modern classrooms, and well-equipped facilities, the campus blends academics, physical training, and personal development.

Campus Highlights:

- **Modern Classrooms** – Comfortable learning spaces with latest teaching aids.
- **Sports & Physical Training Areas** – Grounds, tracks, and obstacle courses for fitness and stamina.
- **Mess & Dining Facilities** – Hygienic, nutritious meals to keep students energized.
- **Medical & Health Care** – Regular check-ups and wellness support for a healthy lifestyle.
- **Hostel & Residential Facilities** – Safe, disciplined, and comfortable living for students.

The campus is more than a training centre — it's a **home for discipline, focus, and leadership**, nurturing every student to excel academically and physically while shaping their character for a defence career.

DNA to NDA (DNA Defence Academy — Forging Future Officers for NDA Khadakwasla)

SPORTS AND PHYSICAL TRAINING FACILITIES

At **DNA Defence Academy**, sports and physical training are an essential part of shaping future defence officers. Physical fitness, stamina, and teamwork are just as important as academics in a defence career.

Students participate in:

- Daily Physical Training (PT)
- Running & endurance exercises
- Football, Volleyball & Cricket
- Drill and group activities

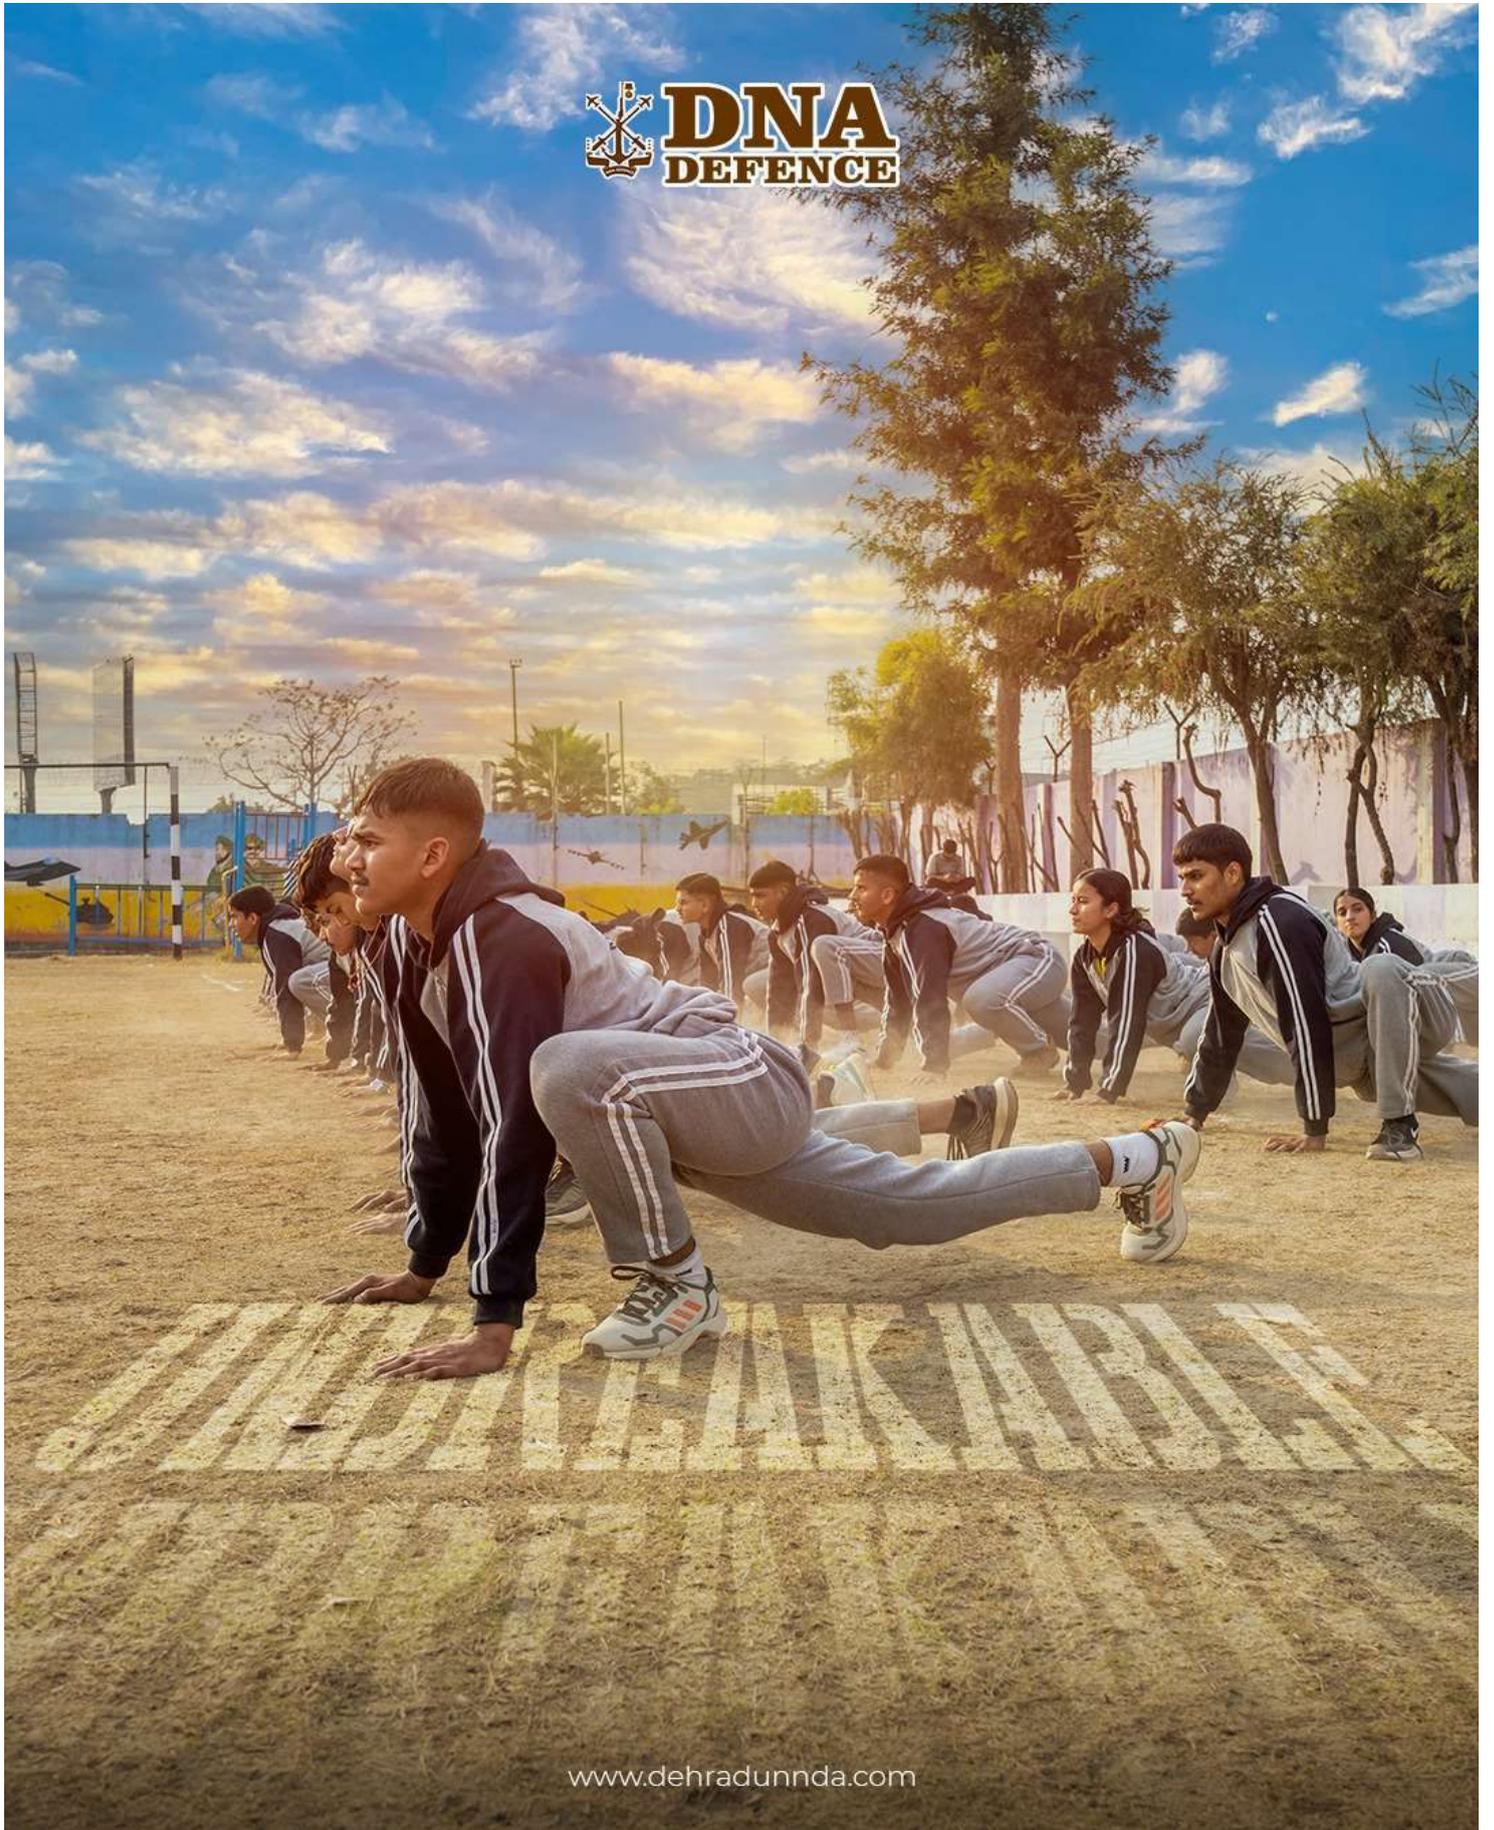

These activities build strength, discipline, leadership, and team spirit — qualities required for success in defence services.

DNA DEFENCE

MEDICAL AND HEALTH CARE

- Good health is the foundation of every successful defence aspirant. A strong body and a focused mind are essential for excelling in academics, physical training, and competitive exams. At **DNA Defence Academy**, medical and health care are given utmost importance to ensure students remain fit, active, and prepared.
- The academy promotes a healthy and disciplined lifestyle through regular health monitoring, hygiene awareness, and proper daily routines. Basic medical support is available to address immediate health concerns, ensuring students feel safe and cared for at all times.
- Physical fitness programs, balanced schedules, and adequate rest are integrated into daily life so that students maintain high energy levels and mental sharpness. Preventive care and wellness awareness help students build long-term healthy habits — a crucial requirement for defence services.
- At DNA Defence Academy, health is not just a facility — it is a commitment to shaping strong, resilient, and confident future officers.

Healthy Body. Focused Mind. Ready to Serve. IN

Healthy Mess & Dining at DNA Defence Academy

- At DNA Defence Academy, nutrition meets excellence. Students enjoy wholesome, balanced meals in a clean, hygienic environment, fuelling their energy, focus, and overall fitness for academics and physical training. Eat Well. Train Hard. Serve Strong. IN

THE JOURNEY TO THE UNIFORM BEGINS AT THE DNA MESS AND MARCHES TO THE NDA MESS.

KIT AND CLOTHING

(For Boarding Cadets Only)

- At DNA Defence Academy, discipline begins with proper preparation. To maintain uniformity, hygiene, and routine, boarding cadets are required to bring the following essential items at the time of joining.

<u>Items</u>	<u>Quantity (Pair/Nos)</u>
Tooth Brush	1
Tooth Paste	1
Toilet Soap with Case	2
Washing Soap with Case	1
Hair Oil	2
Shoe Polish	1
Polish brush	1
Rain Coat	1
Water Proof Shoes	1
Football shoes	1

<u>Items</u>	<u>Quantity (Pairs/Nos)</u>
Vest & Underwear	4
Handkerchief	2
T-Shirt White	2
Short Black	2
Shirts White	1
Socks Woolen or Socks Cotton	4
Shorts T- shirt	4
Shoes (Oxford)	4
PT Shoes	1

Important Note:

- Avoid carrying expensive gadgets or valuables.
- Maintain simplicity and discipline in personal belongings.
- All items should be properly labeled with the cadet's name.

Proper kit preparation reflects responsibility and readiness — the first step toward becoming a disciplined future officer. Be Prepared. Stay Organized. Lead with Discipline.

DEHRADUN NATIONAL ACADEMY OF DEFENCE (DNA DEFENCESSSSSS)

From Legacy to Leadership – The Vision Behind DNA Defence

In a country like India with a population of over 138 crores, it is surprising that the armed forces still struggle to find the right candidates with brilliant minds and strong character. The nation has talent — what it needs is the right direction, discipline, and mentorship.

Hi friends,

Myself Darshan Rawat.

I believe in simple living and powerful action. I may not speak much, but I deeply love what I do.

After securing a top rank in my board examinations, I pursued my degree in Chemistry and Economics, building a strong academic foundation. Over the years, I gained valuable experience working with reputed institutions like Army Public School, Rajeev Gandhi Navodaya Vidyalaya, and Apex Teacher Academy, along with several other respected educational institutes.

“Defence Is in Our Genes” – But How?

I belong to Gairsain, a town in Chamoli district, Uttarakhand — famously known as the land of Veer Chandra Singh Garhwali. Courage and patriotism run deep in our soil.

My grandfather, Surendra Singh Rawat, served the nation for 30 years in the Garhwal Rifles. Following his footsteps, my father, Chander Singh Rawat, dedicated 24 years of service to the same regiment. Today, my younger brother and cousins continue this legacy, serving proudly in the Indian Army and the Indian Air Force.

For us, defence is not just a profession — it is a tradition, a responsibility, and a way of life.

A Tribute to an Ideal

This institute, DNA Defence Academy, is dedicated to my inspiration, Bipin Rawat, the first Chief of Defence Staff of our country. His leadership, vision, and dedication continue to inspire millions.

The Mission

Through DNA Defence Academy, my aim is clear:

- *To set a benchmark in defence preparation*
 - *To identify and polish brilliant young minds*
 - *To instil discipline, leadership, and patriotism*
 - *To prepare students not just for exams, but for life in uniform*
- India has talent. It needs guidance, structure, and belief.*

At DNA Defence Academy, we are not just preparing candidates —

COURSES OFFERED

DNAD FOUNDATION

BHAVYA SINGH
33-SSB Bhopal
10+2 (B.Tech.) Navel Entry

SHINNING STARS

OF DNA DEFENCE

upholding these words in its truest sense, a young boy from Chamoli, proved that nothing is impossible with sheer dedication and discipline. Pride of DNA DEFENCE and on his way to become pride of the nation, BHAVYA SINGH one of the many exemplary students of the academy, is recommended for Indian Navy after successfully clearing NDA entrance exam 2023.

Hailing from the beautiful town of Gairsain Chamoli Uttarakhand, BHAVYA always dreamt of joining the forces and idolized his grandfather Capt. Surendra Shah (retd.), an ex- army personnel member himself.

His father Mr. Manoj Shah- a teacher by profession and mother Janki Shah, realized his potential and supported his passion. Always an outperformer in school, Bhavya after completing his schooling from K.V ONGC Dehradun.

Nitin Singh
NDA 149th Course Allahabad

I'll always be indebted to DNA DEFENCE for guiding me in achieving my dreams. The experienced mentorship of the faculty members at DNA defence helped me to analyse my strengths and weaknesses. I'll always be thankful for their support throughout my journey.

Priyanka Sharma
AFCAT

Joining the forces has always been my dream and my dream was transformed into reality by DNA DEFENCE. The experienced teachers helped me overcome my weaknesses and polish my strengths. Systematic approach to each and every topic and regular doubt sessions helped me significantly.

Manoj verma
NDA 145th Course, Allahabad

I would like to thank DNA DEFENCE academy for all the help and support they gave me throughout my course period. The unmatched dedication of the team at DNA DEFENCE helped me overcome my inhibitions and boosted my self-confidence. I thank all the faculty members for their patience and perseverance which helped me clear the exam.

- A defence academy training paves the way to a diverse spectrum of highly regarded and rewarding career prospects. It not only equips one with life in the armed forces but also develops firm leadership, discipline, confidence, and decision-making skills. A **career in defence after training** allows candidates to be deployed to the Army, Navy, or Air Force, in any of the officer positions, depending on the area of specialisation.
- The skills obtained are in high demand even in government jobs, security agencies, and the private sector. In general, the training of the defence academy moulds individuals into competent professionals who are prepared to work in various careers.

BEST CAREER OPPORTUNITIES AFTER PURSUING TRAINING AT A DEFENCE ACADEMY

- If you are having training at a defence academy and want to look for the best career opportunities right after it, then you can look at the details mentioned below.

INDIAN ARMY OFFICER

- Indian Army Candidates may join the Indian Army as commissioned officers after training at a defence academy. This is a position that is associated with command of troops, operations, and national security. A **career in defence after training** provides respect, adventure, a secure career, growth, and specialisation, and this is one of them.

INDIAN NAVY OFFICER

- Indian Navy Defence training may result in an Indian Navy career where officers deal with ships, submarines, and naval operations. This is a profession that is a mix of technical expertise, leadership, and making a worldwide impact, whilst having fine career advancement and a strict way of living.

INDIAN AIR FORCE OFFICER

- Individuals who are trained in a defence academy may enter the Indian Air Force as flying, technical, or ground duty officers. With the high responsibility, prestige, and continuous improvement of the professional direction, this position is concentrated on air operations, technology, and national defence.

INTELLIGENCE AND SECURITY SERVICES

- Intelligence and security organisations like the defence have people who have been trained in that profession. Their training, discipline, and training in fields are useful in the processing of sensitive information, assessment of risks, and national security in other organisations in the government and other strategic organisations.

DEFENCE RESEARCH AND TECHNICAL ROLES

- Applications in defence research and development organisations can be made by candidates who have technical backgrounds. These are jobs of assisting with innovations, technology, and equipment utilised by the military, mixing scientific and hands-on defence leadership knowledge.

ADMINISTRATIVE SERVICES

- The leadership and decision-making skills acquired in the course of the defence training are beneficial in government and administration jobs. Lots of applicants attain civil services, government sector units, and other government employment post their experience in defence academies.

JOBS IN THE PRIVATE SECTOR

- Discipline, teamwork, and leadership qualifications are important in the private sector, and defence academy graduates are highly in demand. Their jobs are frequently management, operations, logistics, and security, where organization of thought and accountability are very much needed.

SKILLS TO ACQUIRE AFTER COMPLETING THE TRAINING AT THE DEFENCE ACADEMY

Here are some of the skills that you can have after pursuing training at a defence academy. Have a look at them one by one.

1. Leadership Skills

- Training in defence enables one to build effective leadership qualities. The trainees are taught to be team leaders, responsible for decision-making and leading others, even in difficult moments. Such leadership skills can be used not only in the army but also in the government and a career in the non-armed sector. These skills open doors to many **jobs after defence academy training**.

2. Self-Discipline

- Discipline is one of the most significant skills that are acquired during the defence training. Strict routines are followed by the trainees, and they are taught punctuality, self-control, and time management. Such an ordered way of life contributes to making people focused, organised, and productive in the workplace as well as in their personal lives.

3. Physical and Psychological Power

- Defence training develops body fitness and the toughness of the mind. Regular exercises enhance endurance and resilience, with mental exercises enabling a trainee to remain cool when pressure mounts on him or her. This physical and mental strength makes one ready to deal with stressful experiences confidently.

4. Decision-Making Ability

- Defence training makes one learn to make quick and effective decisions, which are mostly under high pressure. They are taught to analyse problems, evaluate risks, and select the most suitable solution. This art comes in handy in both leadership and management.

5. Teamwork and Cooperation

- Defence training focuses on the aspect of teamwork and cooperation. Trainees are taught how to cooperate with other people who may have various backgrounds, trust their colleagues, and assist each other. The skill assists in the formation of a good working relationship as well as enhancing performance in the group setting.

6. Trust and Interpersonal Skills

- Military education helps to increase self-confidence and communication. The trainees are taught to deliver their thoughts in a clear manner, be able to give instructions, and to feel free when dealing with others. This gives them greater confidence, allowing them to perform more effectively in interviews, leadership, and in their daily work events.

CAREER OPTIONS IN THE INDIAN NAVY

Here are some of the career opportunities that you can look at after getting training in defence academy. Have a look at them one by one.

EXECUTIVE BRANCH

- The Executive Branch put you in a leadership position on warships and naval bases. You work as a navigator, operations officer, and commander. This is an ideal career that you can look for if you like to be in charge, make decisions, be part of a team, and also be part of missions, and lead an adventurous life on the high seas.

TECHNICAL BRANCH

- At the Technical Branch, you handle more sophisticated equipment such as machines, weapons, radar, and communication equipment. This is an environment that engineers are well adapted to because they are in charge of the maintenance and upkeep of naval technology. It is an innovative military role that is combined with defence service and is best suited to people who prefer problem-solving and technical tasks.

LOGISTICS BRANCH

- The Logistics Branch is concerned with planning, supply chains, finances, and human resources. It guarantees the ease of operations in ships and bases. In case you are a good manager and you like working with complex systems, the career can provide you with leadership, stability, and the key to naval success.

NAVAL AVIATION

- The Naval Aviation enables you to work as a fighter pilot, helicopter pilot, or observer. You work out of ship-carriers and harbours. The job is a high-adrenaline one, and this profession suits well those people who have a dream to fly, be precise, and guard the waters with the help of flying.

SUBMARINE ARM

- Submarine officers are deployed in submarines that are operating deep to deal with the strategy and stealth missions. This is a job that requires mental power, discipline, and teamwork. Being one of the most exclusive branches, it gives pride that cannot be compared, secrecy, and the adrenaline rush that comes with serving where not many have the chance to.

SPECIALISED NAVAL OPERATIONS

- This route involves such high-level activities as diving, hydrography, and maritime security operations. It involves a tough environment and missions. It is ideal for those who love adventure. This profession provides diversity, growth of skills, and adventure in the fact that one serves in the areas that are highly specialised in the Navy.

INDIAN AIR FORCE CAREER PATHS

Here are some of the career paths related to the Air Force mentioned below. Have a look at them one by one.

FLYING BRANCH (PILOT)

- You are a pilot in the Indian Air Force and fly fighter jets, transport aircraft, or helicopters. You defend Indian airspace and deal with high-profile operations. This profession is an adventure, a source of pride, discipline, and excitement of flying technologically sophisticated planes.

FLYING BRANCH (AIRBORNE OBSERVER)

- Navigation, weapons, and surveillance on missions are handled by the Airborne Observers. They assist pilots in the aspects of accuracy and safety. This is a position that fits individuals who are well-focused, fast-thinking, and interested in teamwork and aviation technology.

TECHNICAL BRANCH

- In this, you work and keep aircraft, radar, and weapons systems in the Technical Branch. Engineers are important in ensuring that the Air Force is mission-ready. This profession is a combination of technology and service and is ideal where one would like to solve problems and be innovative.

GROUND DUTY (LOGISTICS)

- The logistics officers supply, transport, and plan within the Air Force stations. They make operations near the ground smooth. This is a good position for those who are organised, like to be in management, coordinate, and assist in frontline air operations.

GROUND DUTY (ADMINISTRATION)

- Administration officers deal with the soldiers, discipline, and day-to-day running of the Air Force bases. They maintain the systems in an efficient state. The career would be a good fit for an individual who has leadership traits, communicative skills, and wants to serve in a dignified and organised setting.
